

Description

RUBINE Zara floor-pan is designed with the latest rimless outfit that coupled with a patented VORTEX flushing technology that enable good transportation of wastes with minimum water consumption. It also replaced 100% trapped water per cycle so as to prevent growth of bacteria. In addition, the porcelain is fired at a high temperature of 1280 °C to ensure its hardness and applied a special glazing formula to protect the WC surface from scratches and it is easy to maintain too.

A good toilet must have a good flushing system, we partnered with Geberit to let you indulge yourself in aqua lifestyle today.

Specifications
